

## CV

---

### Personal Information:

Full name: Nazibrola Beglarashvili

Gender: Female

Date of birth: 30.09.1979

Email address: beglarashvilinani@yahoo.com

Call number: 598333025

Address: Noneshvili str. 19, flat 25. Tbilisi, Georgia.

### Aducation:

- 2008. Telavi Iakob Gogebashvil State Univerity. PhD degree in Gegraphy.
- 2003-2006. Institute of Hydrometeorology of the Georgian Academy of Sciences, aspirant.
- 2001-2003. Tbilisi state university. Master.
- 1999-2001. Tbilisi state university. Diploma Specialist, English Language.
- 1997-2001. Tbilisi state university. Bachelor.

### Work Experience:

- 2017-present. Ministry of Education and Science of Georgia, National center for educational quality enhancement. Accreditation of higher education programs. Accreditation expert of high education programs. Tbilisi 0193, Merab Aleksidze str. N1.
- 2015-present. Samtskhe-Javakheti State University. Department of engineering, agricultural and natural science. Invited Specialist. Akhaltsikhe, Rustaveli str. # 113.
- 2004-present. Georgian Technical University, Institute of Hydrometeorology, Section of Natural Environment and Pollution Monitoring. Senior Scientist. 0112, Tbilisi, Davit Aghmashenebeli ave., 150g,
- 2016. Georgian Aviation University. Faculty of Air Transport Business Administration and Management. Invited specialist. Tbilisi, 0103, Ketevan Dedoplis avenue № 16.
- 2015-2016. Georgian Technical University, Faculty of Agricultural Sciences and Engineering of Biosystems. Invited Specialist. Tbilisi 0160, Kostava 77.

### Scientific Papers, Articles, Publicistic Letters:

Monograph: Assessment of Ecological Efficiency of Motor Tunnels in Georgia. ISBN 978-9941-0-0412-4. 2009.

- Number of blizzard days on the territory of Georgia. International multidisciplinary conference proceedings actual problems of landscape sciences: Environment, Society. 2019.
- BLIZZARD DURATION ON THE TERRITORY OF GEORGIA. Ecology & Safety, Volume 13. 2019.
- GROUND BLIZZARD AS A DANGEROUS FOR THE AGRICULTURAL SECTOR METEOROLOGICAL PHENOMENON. Agriculture & Food, Volume 7. 2019.
- The importance of distribution of blizzard days in the mountain landscape of Georgia International Scientific Conference „Modern Problems of Ecology“. 2018
- Number of days with a blizzard in Georgia according to statistics from 1966-2017. Transactions of the Institute of Hydrometeorology of Georgian Technical University, vol.125, 2018.

- Agro-climatic resources of viticulture in Samtskhe-Javakheti. Georgian Academy of Agricultural Sciences. ISBN 978-9941-26-160-2, pp.90-96. 2017.
- DYNAMICS OF HAILSTORM AGAINST THE BACKGROUND OF CLIMATE CHANGE IN THE KAKHETI REGION LANDSCAPE DIMENSIONS OF SUSTAINABLE DEVELOPMENT: SCIENCE – PLANNING – GOVERNANCE, PROCEEDINGS OF INTERNATIONAL CONFERENCE, 2017.
- Number of days with the hail prior to the beginning, in the period and afterward performing anti-hailwork. Georgian Technical University, Institute of Hydrometeorology. 2016
- Environmental problems in cement production (in Russian language) Herzen state pedagogical university of Russia. (Russia, St. Petersburg). V.2; pp.64-67. ISSN 978-5-9905905-5. 2015
- Determination of ecological efficiency of measures for traffic relief on Georgian automobile roads (in English). STATE UNIVERSITY – EDUCATION - SCIENCE PRODUCTION COMPLEX (Russia, Orel) V.2; pp.64-67. ISBN 978-5-93932-821-0. 2015.
- Assessment the main characteristics of the wind amid the climate change in Samtskhe-Javakheti region. Georgian Technical University, Institute of Hydrometeorology. V.121. pp.76-79, ISSN 1512-0902. 2015.
- Assessment of ecological efficiency of the unload events on City roads in Tbilisi. Georgian Technical University, Institute of Hydrometeorology, V.121. pp. 80-83, ISSN 1512-0902. 2015.
- Some results of agro-technology study for plants of triticale in east Georgia for the reduction of negative changes caused by global climate change. Georgian academy of agricultural sciences. (CF/36/14-814/15) pp.318-321. 2015.
- Quantitative assessment of greenhouse gases emitted from cement plants. Institute of Hydrometeorology, Georgian Technical University. V.120; pp.82-85. ISSN 1512-0902. 2014.
- Hail hits in eastern Georgia (in English). Online scientific journal "International Scientific Publications", Burgas, Bulgaria. Scientific papers, Ecology & Safety, Volume 8, pg.567-573. 2014.
- Georgian major transboundary rivers eco-bio-chemical conditions and their classification. Institute of Hydrometeorology, Georgian Technical University - V.119, pp.238-243. ISSN 1512-0902. 2013.
- ENVIRONMENTAL ASPECT OF IMPACT OF ATMOSPHERIC AIR ON THE FLOW OF TRANSPORT IN TBILISI CITY. Georgian Technical University, Institute of Hydrometeorology. V.119, pp.222-225. ISSN 1512-0902. 2013.
- Assessment of ecological efficiency of highway engineering innovations (case study for Tbilisi-Senakileselidze highway). Georgian Technical University, Vol.1, pp.240-243, ISSN-978-9941-20-097-7. 2012.
- Environmental problems of cement production (on the example of the cement factory in Kaspi). Georgia chemical journal. ISSN 1512-0686. Vol.11, #3, pp.321-323. 2011.
- Hydrochemical monitoring of the Liakhvi river. Ivane Javakhishvili Tbilisi state university vakhushti Bagrationi institute of geography. ISSN 2233-3347. #3 (82), pp.330-334. 2011.
- Assessment of environmental and economic efficiency of "Vaziani-Gombori-Telavi" rehabilitated road. Ivane Javakhishvili Tbilisi state university vakhushti Bagrationi institute of geography. V#3 (82), pp.404-408. ISSN 2233-3347. 2011.
- Quantitative measure of GHG emissions by mini-buses in Tbilisi. Institute of Hydrometeorology at the Georgian technical university. ISSN 1512-0902.vol.117, pp.140-141. 2011.
- Numerical modeling of distribution in atmosphere of a passive polluting substance emission from a hypothetical source situated in vicinities of Poti. Georgian technical university. ISSN 978-9941-14868-2. pp.264-266. 2010.
- Microbiological Researchers of the River Liakhvi Basin and Their Results. Science and Technologies, Publishing house of the National Academy of Sciences. #10-12. ISSN 01307061. Index. 76127. pp.41-43. 2010.

Vocational training, seminars, projects:

**Forum:**

- 2019. Higher Education Development Forum. G.L.I.P / GEORGIAN LAWYERS for INDEPENDENT PROFESSION, Alliance of European Universities , "Legal Profession Development Center". (Certificate)

**Training:**

- 2018. Journalism Resource Center (JRC), with the support of the Swiss Development and Cooperation Agency, the project supported by the International NGO MERCY CORPS "Small Caucasus Alliance Program" participated in the trainers' certified training course "Constructive Agro-Journalism". (Certificate).
- 2017. ZRDA activity in Georgia. Certificate Course Module - Further processing of vegetable harvesting. USAID; Georgian Logistics Association. (Certificate).
- 2017. ZRDA activity in Georgia. Certificate Course Module - Further processing of fruit harvesting. USAID; Georgian Logistics Association. (Certificate).
- 2016-2017. Strengthen modern research practices in agrarian direction to regional educational institutions. CENN; GIPA; PMC; ENPARD. (Certificate).

**Projects:**

- 2017-2019. Determination of heavy metals background concentrations in ecosystems in the active influence regions of eastern Georgia and assessment of ecological conditions in urban centers by means of numerical and natural observations. Georgian Technical University. Main performer.
- 2014-2016. Determining the content of heavy metals in environmental components in the active impact areas of eastern Georgia to determine their background concentrations. Georgian Technical University. Main performer.
- 2012-2014. Determination of ecological efficiency of measures for traffic relief at urban automobile roads by the example of Tbilisi western central entrance road. Principal investigator.
- 2010-2014. Monitoring of negative impact of cement plants acting in Eastern Georgia on the environment and elaboration of mitigating measures. Georgian Technical University. Main performer.
- 2010-2012. Evaluation of ecological condition caused by motor transport for main motorway of Georgia and determination its reducing potential in current rehabilitation. Georgian Technical University. Main performer.
- 2009-2011. Ecological Monitoring of the Rv. Liakhvi and Elaboration of the Mitigating. Shota Rustaveli National Science Foundation. Main performer.

**foreign language:**

- Georgian - native
- English - B2
- Russian - B1
- French - A2.

**Additional information:**

- 2017-present. Head of Doctoral Thesis. Samtskhe-Javakheti State University, Faculty of Agrarian and Natural Sciences. Study of wheat culture varieties spread in southern Georgia and develop high and high quality and sustainable harvesting measures.
- 2016. Evaluator of scientific work. Journal of Environmental Biology (International Research Journal, Environmental Biology, ISSN: 0254-8704, N35574 / 79).
- 2016. Scientific Work Evaluator: International Scientific Journal "ANNALS OF AGRARIAN SCIENCE EVALUATION FORM"; Elsevier's scientific electronic publishing house "The Herald of Agrarian Sciences".
- 2016. Doctoral thesis assessor. Iakob Gogebashvili Telavi State University. Dissertation Thesis - Climate Resources of Adjara Soils.
